

Quick Guide to Creative Commons

Creative Commons licenses work as “Some rights reserved” rule instead of “All rights reserved” rule. CC offers a diverse set of license conditions - the freedoms and limitations. This allows the author to define rules on which he or she would like to share his or her creations with others. At the same time users gain more rights to the use of his or her works.

BY	copy	modify and remix	redistribute and share	show and transmit	You must attribute the original work and author
This work is available for free to:					

Attribution 4.0 - This license lets others distribute, remix, tweak, and build upon your work, even commercially, as long as they credit you for the original creation. This is the most accommodating of licenses offered. Recommended for maximum dissemination and use of licensed materials. <http://creativecommons.org/licenses/by/4.0/>

BY-SA	copy	modify and remix	redistribute and share	show and transmit	but You must share it under same license	You must attribute the original work and author

Attribution-ShareAlike 4.0 - This license lets others remix, tweak, and build upon your work even for commercial purposes, as long as they credit you and license their new creations under the identical terms. This license is often compared to “copyleft” free and open source software licenses. All new works based on yours will carry the same license, so any derivatives will also allow commercial use. This is the license used by Wikipedia, and is recommended for materials that would benefit from incorporating content from Wikipedia and similarly licensed projects. <http://creativecommons.org/licenses/by-sa/4.0/>

BY-NC	copy	modify and remix	redistribute and share	show and transmit	You may not use it for commercial purposes	You must attribute the original work and author
This work is available for free to:						

Attribution -NonCommercial 4.0 - This license lets others remix, tweak, and build upon your work non-commercially, and although their new works must also acknowledge you and be non-commercial, they don't have to license their derivative works on the same terms. <http://creativecommons.org/licenses/by-nc/4.0/>

BY-ND	copy	redistribute and share	show and transmit	You cannot transform or build upon this work	You must attribute the original work and author
This work is available for free to:					

Attribution - NoDerivs 4.0 - This license allows for redistribution, commercial and non-commercial, as long as it is passed along unchanged and in whole, with credit to you. <http://creativecommons.org/licenses/by-nd/4.0/>
